## Have Spubs been Attacked or Advised?

*Naseehah*; Advice is a pillar of the religion as found in the hadeeth which was reported by al-Imaam Muslim in his Saheeh collection. Which is on the authority of Abu Ruqayyah Tameem ad-Daaree, may Allah be pleased with him, who narrated that the Messenger of Allaah, alayhi as-salaatu was-salaam, said:

*“The religion is sincere advice” We said, “to whom?” He said, “To Allah, to His Book, to His Messenger, and to the leaders of the Muslims and the common-folk from amongst them”*

So from this perspective; I have strived to advise Spubs regarding some of their errors which myself and others have noticed, whereas I would contact them relating to their errors either by private emails or phone texts or by people, or even general emails to them.

However despite this fact which they deceivably try to deny and mislead to the public that we are only trying to attack them and to put them down and that by this ‘we are hadaadis.’ Yet still the truth is clear for the seeker of uprightness and justice, whereas I have gave some examples of private advices which I sent to Spubs, hoping that they may rectify themselves, whereas by that there is no need to make their errors public.

So inshaa Allah after the reader eye-witnesses some of the proofs and evidences that spubs have been advised and not been attacked, it will be clear-cut and apparent for him that the statement of Amjad Rafeeq which spubs have distributed via internet, where he said:

Abu Fujoor and Musa Millington who are practically following the way of the Haddaadiyyah in stoking up certain issues in order to malign and attack the Salafi callers because of personal agendas, despite those Salafis being free and innocent of the accusations made against them.

Is totally unjust and with no doubt, it is considered to be an oppressive statement. Which will only harm themselves and their da’wah, call.

Subject: a small naseehah to the owner of spubs

Afwan yaaakee fillaah may Allah reward you brothers for spreading dawah salafiyyah in the west. I was requested to advise you in regards to the begging that occurs in your masjid , so i advise you to refer to the article of Shaykh Rabee in regards to asking people money for the purpose of the dawah {the article is on this website} <http://www.aloloom.net/vb/showthread.php?t=2520> and also in regards to the charity boxes that are in your masjid please refer to this website regarding charity boxes or baskets <http://www.aloloom.net/vb/showthread.php?t=2535> and also the charity organization that you are a member of, please refer to this website for the article regarding it <http://www.aloloom.net/vb/showthread.php?t=2682> And Also the sunnah tv that you have a link for on your website, and your appearance on tv, for indeed Shaykh Uthaymen has retracted from this fatwaa right before his death, and the statements of scholars is that it is haraam such as shaykh Sheenqeeti and shaykh Muhammad bin ibrahim and shaykh Albaani and shaykh Rabee and shaykh Muqbil and shaykh Yahyaa and shaykh bin Baaz's last fatwa and also his old committee last fatwaa and also shaykh Saaleh alfawzaan and shaykh Ahmed an-Najmee and other than them all of their statements are being translated at this moment, so you will see the reference for each statement with its proof.

Also in regards to pictures of women cartoon on some of your flyers and also pictures of men with tight pants on your flyers for the camp program and also that you ascribed the begging that occurs on your website to shaykh Muqbil and shaykh Rabee, I am going to send the opposite if you want and a letter for shaykh Muqbil that he is frees himself from everyone whom begs under his name barakallahu feeka.

also your associations to those whom warn against damaaj, I do not need to mention any names you know them really well also aiding suhaib hasan in his distribution of some of his books as the likes of 'why should we pray' {his book}, i have it on my computer saved, if you want i can send it to you.

And the are some brothers here in damaaj whom are ready to present your mistakes to shaykh Yahyaa in order that they (i.e. mistakes) get refuted if you do not stop this, and make tawbah from it. Like I said afwan for the harshness, I highly praise your dawah but a mistake is a mistake.

Do not increase your enemies by opposing the truth, you already have too many.

## Abu Khadeejah's reply to my email

Read the email below of Abu Khadeejah, whereas it is a reply to my aforementioned advice to them:

Assalaamualaikum,

Jazaakallaahukhair for your advice.

I am out of the UK right now. The points that you mentioned that apply to us we will rectify immediately.

As for the points you mentioned that do not apply to us I will clarify to you within a day or two. For example we do not have collection boxes in our masjid and have never had a collection box in the masjid - and Sunnah.tv website has been closed down a few months ago.

We are happy to act on advice when it applies to us.

In the meantime please convey our salaams to ShaikhYahyah (hafidhahullaah).

Wassalaamualaikum.

Abu Khadeejah Abdul Waahid

Also the below email is another reply of Abu Khadeejah to my naseehah; advice.

Assalaamualaikum,

Just to let you know that myself and Abu Hakeem are still out of the UK. But just to highlight to you that the little book of Suhaib Hasan has been removed - it was put there by mistake I think. Remember that it is SP that were the first to warn against Suhaib Hasan and we continue to do so.

We have removed the fundraising appeal from the Salafibookstore.com

As for the cartoon image on the leaflet, then you will find it is not our leaflet and it was not printed or published by us.

Baarakallaahufeek. I will expand on the other issues in a few days.

Jazaakallaahukhair.

Wasalaamualaikum.

As-salaamualaykumwarahmatulaah

I have sent you an audio regarding a statement of yours and likewise it is followed with a ta'leeq by one of the students in Damaaj relating to it, which is only an advice to you.

Therefore if it becomes clear to you your error then please haste to retract openly from it as soon as possible.

We ask Allah to guide us all to the correct path.

Also I sent him a phone text, whereas Abu Khadeejah replied and made a retraction as found on this thread:

<http://www.salafitalk.com/entries/26-The-Noble-Companion-Mus-ab-bin-Umayr>

Although it was lacking basic requirements of an essential retraction whereas he did not mention where or when he made the error nor did he thank those –who he is currently accusing of hadaadiyyah- for privately clarifying his errors. Also he left the audio to be distributed on some sites from them, is the site of troid where they actually commented generally saying:

*'In this lecture, the speaker delivers an admonition reminding the Muslims of some of the basic general principles outlined for us by Allaah and His Messenger. Afterwards, there is a lengthy question and answer session where Abookhadeejah answers many primitive doubts about Salafiyyah, ranging from issues of taqleed to the alleged "bigoted following" of Imaam al-Albaanee.'*

## Attempts to privately advise Amjad Rafeeq

Also relating to Amjad Rafeeq's mistakes, I made an attempt to get in contact with via Abu Khadeejah and Spubs regarding Amjad Rafeeq's contacting information:

May I please have AmjadRafeeq's email address or  
contact number, I want to advise him regarding a  
statement in the book 'foundations of the sunnah' by

Likewise I sent Abu Khadeejah a phone text requesting the same information however after receiving information that Abu Khadeejah received the message whilst not showing cooperation regarding the issue, I began to refute the errors of Amjad Rafeeq publicly as a clarification of the errors in the book 'Foundations of the Sunnah'

After all of this we are yet still accused of being from those who has hidden agendas and from those one who intend no good for their brothers in Islaam, I ask Allah to guide those who spread such false allegations.
